

Intuitive Control, Dynamic Display

The features you want. The quality you expect.

Entering commands and programs with the Valley[®] ICON10 is easy with the 10-inch, full-color touchscreen display. The intuitive graphical user interface shows the real-time status of the center pivot through easy-to-understand screens and icons. See immediate changes in bright, vivid colors. The ICON10 makes managing your pivot fast and easy.

Key Features:

- 10-inch, full-color touchscreen display
- Intuitive user interface
- AgSense[®] built in – ICON Link installed standard*
- BaseStation3[™] compatibility*
- Variable rate irrigation (VRI)
- Cable theft monitoring*
- Remote Wi-Fi access** available through the ICON app

* Additional hardware or subscription required.
 ** Limitations based on distance and field conditions.

Smart Panels Made Easy[®]

End Gun Programming

VRI Speed Control Programming

Valley ICON10 is the most advanced, user-friendly control panel ever made.

The simplicity of commands and intuitive graphical user interface make operation effortless. Setting end guns, loading VRI prescriptions and creating programs has never been so easy.

AgSense, a smart irrigation solution from Valley, is built into every ICON panel. If you are running BaseStation3, your panel will ship ready for simple integration into BaseStation3.

Every ICON10 control panel is equipped with:

- Customizable home screen
- GPS position readiness
- Auto reverse/Auto stop

A consistent interface and access to real-time data is available across all of your devices from anywhere in the world.

MONITOR

Access real-time status of your pivot and other inputs.

CONTROL

Control your irrigation machine from your mobile device or desktop.

REPORT

Learn from your past with historical data in easy-to-read, customizable formats.
